Correction: Research Involvement and Engagement (2022) 8:8

<https://doi.org/10.1186/s40900-022-00337-x>

Following publication of the original article [1], the authors reported errors in Appendix 3: Prisma flow chart and would like to correct the number of studies under the heading **Search strategy and study selection**. The revised Appendix 3: Prisma flow chart and the Search strategy and study selection section is indicated hereafter and the changes in the given section have been highlighted in **bold typeface**.

The incorrect Search strategy and study selection section reads:

After full-text screening, a further **248** papers were excluded leaving a total of 23 studies from the published literature search.

The correct Search strategy and study selection section should read:

After full-text screening, a further **249** papers were excluded leaving a total of 23 studies from the published literature search.

Appendix 3: Prisma flow chart should read:
